

## Iowa Medicaid Modernization Initiative – CMS Listening Sessions

The Centers for Medicare & Medicaid Services (CMS) will be hosting a series of Listening Sessions regarding Iowa's High Quality Health Care Initiative. The initiative proposes to move Iowa's delivery of most Medicaid services to a managed care delivery system effective January 1, 2016.

The listening sessions will provide interested parties an opportunity to share feedback with CMS and Iowa regarding the State's proposed move to a comprehensive Managed Care Delivery system. There will be four listening sessions targeted to four specific audiences:
